2019

Rainier Guest Services™

ENVIRONMENTAL  
STEWARDSHIP

Rainier Guest Services™

At Rainier Guest Services, LLC our mission is to provide quality products and services to our guests and visitors in a manner which preserves the environment.

# The following is a quick glimpse at our accomplishments for 2019

- Over 77,480 pounds of commingle recycling was diverted from the landfill.
- 948 gallons of cooking oil was recycled by turning it into Biodiesel
- 89 pounds of ink cartridges were recycled
- 124 pounds of batteries were recycled
- 209 pounds of fluorescent light bulbs were recycled
- 42 pounds of light ballasts were recycled

- 6,520 pounds of glass was recycled.
- 1,383 pounds of paper was recycled.
- 100 pounds of used hotel amenities were donated.
- Over 20% of total waste was diverted or recycled in 2019

# Water Hydration Stations

In 2015 we finished installation of 3 hydration stations in 3 different locations

- In 2019 over 92,000 bottles were filled at the stations
- Disposable water bottles were not sold in 2019.

Water bottles available for sale in guest rooms encourage our guests to use our bottle filling stations in lieu of disposable bottles.

# Propane Vehicles

In 2015 we replaced 4 of our transportation vans and one maintenance truck with LPG operated vehicles. In 2019, five more propane vehicles were purchased completing the conversion of our fleet to propane.

- Propane burns cleaner than gasoline or diesel
- Emissions were reduced by approximately 20,500 pounds of CO<sub>2</sub>

# Energy Management in Rooms

In 2018 we installed energy management devices in guest rooms for electric heat and lighting.

These devices keep the heat on a schedule and turn off lights when not in use.

# Conserving our Resources

In 2018 our towel and linen reuse cards were re-created with our own water saving statistics and encourage guests to participate.

Also in 2018, our reusable retail bags were re-created with 3 unique designs and conservation messaging on protecting the earth, air and water.
